

DVI PRODUCTION S.R.L.
FORTEM AAC BLOCKS AND LINTELS**DVI PRODUCTION STATEMENT OF COMMITMENT TO PACKAGING COMPLIANCE WITH REGULATION (EU) 2025/40 (PPWR)**

DVI Production S.R.L., manufacturer of autoclaved aerated concrete (AAC) blocks and lintels marketed under the FORTEM brand, is committed to ensuring that the packaging used for its products complies, where applicable, with the requirements of Regulation (EU) 2025/40 on packaging and packaging waste (PPWR).

The packaging requirements established by the Regulation will apply progressively in accordance with the applicable provisions and dates set out therein, including the date of general application of the Regulation.

The packaging used for FORTEM products is assessed and documented, as applicable, with regard to the relevant sustainability and packaging performance requirements established by the Regulation, including:

- the restriction and limitation of substances of concern in packaging and packaging components;
- the design of packaging with a view to its recyclability and compatibility with established waste collection and recycling systems;
- the reduction of packaging weight and volume to the minimum necessary to maintain the required functionality and protection of the packaged product;
- the availability and maintenance of the applicable technical documentation and declarations of conformity, where DVI Production is responsible as the manufacturer of the packaging.

DVI Production maintains an internal packaging compliance management process, integrated into its Quality Management System (ISO 9001) and Environmental Management System (ISO 14001). This process includes the periodic assessment of packaging suppliers, the monitoring of relevant packaging specifications and materials, and the continuous monitoring of developments in the applicable European Union and national regulatory framework.

Where applicable, DVI Production also fulfils its Extended Producer Responsibility (EPR) obligations in accordance with the national legislation applicable to the placing on the market, management and recovery of packaging and packaging waste.

DVI Production is committed to continuously reviewing its packaging solutions and implementing the measures necessary to maintain compliance with applicable regulatory requirements, taking into account the applicable implementation timelines, delegated and implementing acts, harmonised standards and other relevant regulatory guidance. For further information regarding the packaging compliance of FORTEM products, please contact:
